

Daytek Rotary Clotheslines

8 Series

Rotary Clotheslines offer large overall line space.
If you have the space then a Rotary Clothesline offers
the best outdoor drying solution.

The Rotary head can be folded down and the entire Clothesline
easily removed from the ground mount socket for storage when
not in use, giving back valuable yard space.

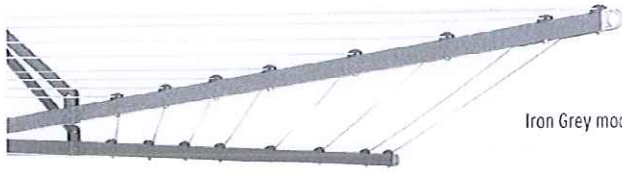

Features & Benefits

- High tensile steel tube for maximum strength
- Galvanised and powder coated for corrosion resistance
- Pre-strung lines with tensioning blocks ready for installation
- Adjustable drying height
- Coat hanger loops at the end of each arm
- Ground Mount Socket with 3 height adjustments included
- Rotary head can be folded down and the entire clothesline
can be easily removed for storage when not in use
- 15 year structural warranty*
- Full range of spare parts available

* excludes line which has a 2 year replacement warranty

Classic Bracket

The Classic metal bracket design is one of the strongest and longest lasting products of its type available. The wall bracket and strut use a unique over centre latching mechanism that is easy to fold up or down with one hand. The frame is made from powder coated galvanised steel tube giving a long life.

Features & Benefits

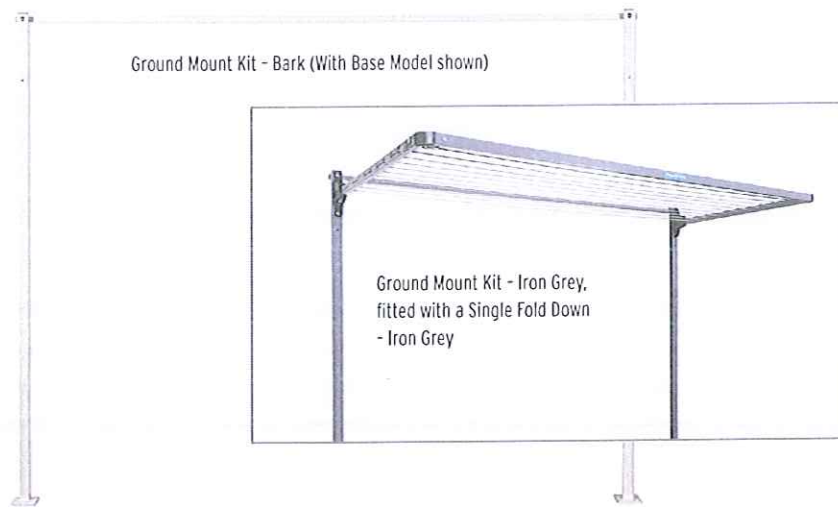

- High tensile steel tube for maximum strength
- Galvanised and powder coated for corrosion resistance
- One piece front bar for superior strength
- Folds down when not in use
- Matching Ground Mount Kit available for stand alone installation
- Custom colours are available upon request
- 15 year structural warranty*
- Full range of spare parts available

* excludes line which has a 2 year replacement warranty
